

## SEMI CUSTOM BOARDS GUARANTEE CONDITIONS

### 1. Standard construction (STD)

Boards made in standard construction come with a 2 year guarantee against failure of materials or workmanship (delamination, softening of the hull, inserts, fin and mast boxes), and 1 year guarantee against breakage.

### 2. Hardcore construction (HC)

Boards made in hardcore construction come with a 3 year guarantee against failure of materials or workmanship (delamination, softening of the hull, inserts, fin and mast boxes), and 2 year guarantee against breakage.

### 3. Super light construction (SL)

Super light construction allows for normal sailing but requires some care. The guarantee covers failure of materials or workmanship (delamination, softening of the hull, inserts, fin and mast boxes) for a period of 1 year. Breakage or other failures due to excessive strain are not included in this guarantee.

#### **This guarantee commitment does not cover damage caused by:**

- normal tear and wear (scratches, punctures, dents, fading and paint or sticker chipping)
- improper handling, storage, maintenance or care;
- use in commercial, rental or teaching environments;
- incorrect operating of air valve;
- incorrect set-up and usage of unsuitable gear
- accidents, misuse, unauthorized repairs or modifications;
- sailing with an already damaged board.
- heat or excessive exposure to sunlight (temperatures over 50°C)

Buyer is responsible to check proper functioning and condition of the product at all times.
